🚗 Driving Licence B1

The technology world has always been my great passion. I've enjoyed exploring and learning about different technologies since I was a child. Being able to design and work in a leading global innovation company is my next challenge. I am a self-taught person, flexible and with a great curiosity to learn and continue discovering the digital world.

WORK EXPERIENCE

BBVA IT - ESPAÑA | 2021 - 2022

Frontend Developer | november - november 2022

Developer of the mobile banking application of BBVA Spain using Ember.js as a framework. In this project I worked following the Scrum methodology making use of tools as Jira to manage tasks. It has been my greatest challenge to have been given the opportunity to work and learn in one of the best banking apps in the world.

MINUSCODE | 2018

Curricular Internship | march - august 2018

I had the opportunity to learn HTML, CSS and JavaScript. My job was to program advertising banners for our customers such as Altice, CTT Portugal or Via Verde.

DUALL STUDIO | 2019

Freelance | february - march 2019

Newsletters programming using HTML and CSS for Timberland.

FISCAL BOARD OF THE STUDENTS UNION AT ISTECH UNIVERSITY

President | november 2017 - 2018

My role was in the accounting review of the annual accounts and review of budgets for different projects.
